CELEBRATED 100th BIRTHDAY SUNDAY

Mrs. Abner Smith held open house at her summer home at Point Connett on Sunday in honor of her mother, Mrs. Charles Eastman Webb, who will celebrate her 100th birthday this Thursday, September 15th. Many friends called to wish her well.

Mrs. Webb, born in Dedham, Mass., is the last of the original settlers of Point Connett. Their cottage was built in July, 1907, and being the first summer residence it was named "The Pioneer".

Mrs. Webb makes her home with her daughter, Mrs. Smith, in South Middleboro.

In her long and interesting life, Mrs. Webb has seen some amazing changes take place in Mattapoisett and also in her summer home at Point Connett. In 1906 a small group of people, staying at Pease's Point, searching for the best place for permanent summer homes,

came to Point Connett and thought it the ideal spot to settle. It had a dense growth of trees and thick undergrowth, a hay field at one end and one fisherman's shack used by William Bosworth.

The whole tract was a part of the farm of the late Mr. Byron P. Dunn. After importuning him for two summers, he gave permission to clear a lot on the eastern shore. This was done on two very hot days in mid-August in 1906. The purchase was bound the following 21st. The survey soon followed. The large bungalow, the first built there, called "The Pioneer", was completed early in July, 1907, by a Mr. Pierce of Walpole, who sawed out the lumber in the pine woods there, little thinking that his work would be completely undone in the disaster of September 21, 1938.

The cottage of Dr. Florence N. Robinson and Miss Bertha Macurdy was built and used the first summer, 1907, closely following the Pioneer.

The first wharf was built by Mr. Dunn, soon afterward, of long pine logs firmly tied together and filled in with rocks from the shore close by. It was about one hundred and twenty-five feet long. This was extended later by a skeleton frame work to about two hundred feet, and when the old wharf gradually receded toward the shore by the wear of time the skeleton finally filled the whole length, with a T at the end. It was put out about the first of June and taken in early in Sep-

These exclusive
Johns-Manville
SEAL-O-MATIC
ASPHALT SHINGLES
defy wind and water

In an actual test J-M Seal-O-Matic Shingles withstood the terrific blasts of an aircraft engine. Wind and water were driven at 100 m.p.h. against a panel of these shingles for an hour, with frequent gusts up to 140 miles per hour . . . not a tab lifted . . . not a drop leaked through.

Here's the secret of this amazing shingle. A stripe of special petroleum resin is factory-applied on the underside of each shingle. The sun's heat seals it to the underlying shingle, defying even high winds to pry it loose. Drop in and let us give you a personal demonstration of these patented Seal-O-Matic Shingles.

tember, if an occasional southeast storm combined with a high tide at a full moon did not carry it away along shore.

The Point in the past was named Cordwood Point, and Nye's Point, and was a part of the larger region known as Sippican in the Colonial days, with its scattered Indian haunts. Earlier the Mattapoisett track extended from Old Dartmouth (New Bedford region) eastward as far as Sandwich, and was owned by Papamo, Machacam, and Achawanamett. The Sniptuit area became the "South Purchase of Middleboro" The Rochester proprietors came into possession of part of this, and included with it the present Marion, Wareham and Mattapoisett. An Indian called William Connett also claimed the general region, and entered suit against the Colony of Plymouth probably soon after 1679. His choice as a proprietor of Rochester led him to give up his suit. Then in 1683, when a corn mill was to be built, probably on Leonard's Pond, Connett gave six barrels of tar for himself and his brother.

Connett's neighborly interest in the locality made it fitting to select his name for the lovely Point. Mr. Dunn joined them in their new name, "Point Connett". This name was adopted in 1907 by the United States Board of Geographic Names to be placed on all future charts of this region.

Mr. and Mrs. Dean Doran of Cannon Street, Mattapoisett are parents of their second child and first son, born Friday morning at St. Luke's Hospital, New Bedford. Paternal grandparents are Mr. and Mrs. John Doran of Cannon Street, Mattapoisett.

MATTAPOISETT BLUES WIN LITTLE LEAGUE

The Mattapoisett Blues won the Capeway Little League Championship by defeating the Marion Cubs 2 to 1 in a well played game. Both teams played the entire game with only one error being committed. Downing, Carvalho and Cray fielded sensationally for the winners and Prewitt the losing pitcher hurled a wonderful game but was overshadowed by Robert Bowman of the Blues. The first game of the playoff between these two last Sunday went 10 innings to a 3 to 3 tie. The Blues won last Monday and Saturday's win gave them the Championship. Charlie Fermino's double drove in Secia and Downing with the tying and winning runs. Peter Fermino relieved Bowman the winning pitcher in the sixth and retired the side.

Final standings of the Capeway Little League: 1st, Mattapoisett Blues; 2nd, Marion Cubs; 3rd, Marion Eagles; 4th, Rochester and 5th, Mattapoisett Reds.
